Technology is democratizing design IN EXCITING NEW WAYS

Today, designers, engineers, and makers have access to more data and information than ever before. It's enabling new **innovations and breakthroughs**, allowing individuals—and entire industries—to reimagine how they work.

In that spirit of data-driven design, here are some facts and figures illustrating why **SOLIDWORKS** design has spent the last 30 years as one of the **most trusted 3D CAD and product development solutions in the world.**

"**SOLIDWORKS** allowed me to take what was in my brain, my idea, my invention, and build it into something that

MILLIONS AND MILLIONS

of people now can use."

— **JAMIE SIMINOFF**, FOUNDER AND CHIEF INVENTOR, RING

We're anywhere and everywhere you want to work

SOLIDWORKS

MORE JOBS. MORE OPPORTUNITY.

Worldwide job listings on LinkedIn* show a clear preference for **SOLIDWORKS** skills and knowledge over all other competing **CAD tools.**

SUPPORTING EVERY TYPE OF USER AT EVERY POSSIBLE LEVEL...

400,000+

Companies and organizations use **SOLIDWORKS** to create incredible products—from the goods and wares you use every day, to world-changing inventions.

33,500+

Academic institutions use and teach **SOLIDWORKS**.

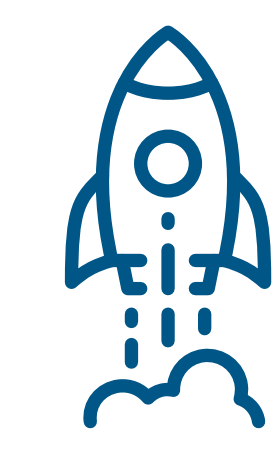

120,000+

Makers, hobbyists, and DIYers use **SOLIDWORKS for Makers** to unleash their imaginations and bring their ideas to life.

900+

Fab Labs use **SOLIDWORKS** solutions to bring learning and innovation to their local communities.

28,000+

Members in the **SOLIDWORKS for Startups** program are using **SOLIDWORKS** solutions to build their businesses.

Better together

SOLIDWORKS users aren't just customers—they're a community. Anywhere you go in the world, you'll find **SOLIDWORKS User Groups** meeting up to learn, teach, and innovate together.

13K+
 People in the **SOLIDWORKS User Group Network** Globally

LIKE EVERY COMMUNITY, WE THRIVE ON COMMUNICATION.

WHEN USERS TALK, WE LISTEN.

90%

of **SOLIDWORKS** enhancements and new features are a result of customer feedback.

INVESTING IN USERS' FUTURES WITH CONTINUOUS TEACHING AND TRAINING

400+

RESELLER PARTNERS

SOLIDWORKS Reseller Partners are certified experts in all things **SOLIDWORKS** with a mission to support and train users.

950,000+

CERTIFIED SOLIDWORKS USERS

The **SOLIDWORKS Certification Program** establishes an industry standard by which **SOLIDWORKS** professionals are evaluated.

25+

YEARS OF 3DEXPERIENCE WORLD

3DEXPERIENCE World brings together 1,000s of designers, engineers, industry leaders, and more to connect, share knowledge, and have fun.

A SOLUTION THAT GROWS WITH YOU

Connecting different people, data, and processes is becoming a top priority in all businesses.

SOLIDWORKS is enabling better cross-department collaboration with its product development portfolio, made up of cloud-based design, manufacturing, data management, and simulation tools connected to the **3DEXPERIENCE** platform.

As future business needs develop and trends change, **SOLIDWORKS** evolves to meet them.

60%

REDUCTION IN DESIGN TIME

CAD

The Center for Advanced Design greatly enhanced product development with the cloud-based solutions in the **SOLIDWORKS** portfolio.

20%

CUT TO PRODUCT DEVELOPMENT TIME

"The ability to take a product from concept through production all from within the same cloud-based environment is naturally more efficient. With the flexibility of...tool[s] from inside a web browser, we've become a lot more agile."

— **MARC MCCAULEY**, CO-FOUNDER AND CO-OWNER, CENTER FOR ADVANCED DESIGN

For more than **30 years** **SOLIDWORKS** has been evolving with our users and their industries. Making product development more accessible, scalable, and sustainable.

And we're just getting started. **Come grow with us.**
